

# Tracking Depth of Learning

## Course Leader

Alex Bedford

## Audience

Depth of Learning users

## Course outline

This full-day course introduces school leaders, teachers and governors to the Chris Quigley Depth of Learning Tracker. Depth and Mastery is an integral part of the National Curriculum. We will briefly explore the rationale and structure of the Essentials Curriculum and share with you our 5 Steps for Essential Assessment.

Then take the opportunity to use our fully functional Depth of Learning Tracker.

Discover how to:

- get started with the basics
- enter data, both current and historic
- understand and customise Lines of Good Progress
- interpret the attainment and progress forecasting tool
- explore the wide range of reporting formats including individual reports, group or cohorts analysis
- work with filters and attributes to personalise information.

## About Alex Bedford

With over 20 years experience in education, Alex has worked in a wide range of schools and settings including as a Teacher across the primary phase, a Head Teacher and as a Leading Adviser for school improvement. Alex joined Chris Quigley Education as an Associate Consultant in January 2013. Having successfully worked with Chris' wide range of publications over many years, Alex has worked closely with Chris in creating the Depth of Learning system.

## Kind words

*"The day was ideal in supporting the school's goal of learning without limits! Deep learning is an integral part of school improvement and tracking gave staff practical examples of how to develop this. Excellent, thank you Alex."*

Steve Hardaker, Head Teacher, St Luke's C of E Primary School, Cheshire
